PROFILE

I bring a solid foundation in Information Systems Engineering & Data Science, acquired through a E-Business License at the Higher School of Economic and Commercial Sciences of Tunis.

During my studies, I gained hands-on experience in project development, particularly in web and Android applications, through various internships and personal projects.

I am highly motivated and eager to leverage my education and experience to contribute effectively to dynamic projects

EDUCATION

E-Business License   **2019 - 2022**
Higher School of Economic and Commercial Sciences of Tunis

**Information Systems Engineering & Data Science
Professional Master**   **2022 - 2024**
Faculty of Economic Sciences and Management of Tunis

EXPERIENCE

INNOVUP - Internship   **July 2021 - August 2021**
Worked on an Android restaurant management application.

STB - Internship   **January 2022 - March 2022**
Contributed to the development of an online bank credits application.

UPDROPP - internship   **February 2024 - April 2024**
Contributed to the development of an e-Waste mobile application using Expo, React Native, and Firebase Realtime Database, as well as implementing Firebase cloud functions.
